107TH CONGRESS 2D SESSION

S. 1990

To establish a public education and awareness program relating to emergency contraception.

IN THE SENATE OF THE UNITED STATES

March 6, 2002

Mrs. Murray (for herself, Mrs. Boxer, Ms. Cantwell, and Mr. Corzine) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To establish a public education and awareness program relating to emergency contraception.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Emergency Contracep-
- 5 tion Education Act".
- 6 SEC. 2. FINDINGS.
- 7 Congress finds that—
- 8 (1) each year, 3,000,000 pregnancies, or one
- 9 half of all pregnancies, in the United States are un-

- intended, and half of all of these unintended pregnancies end in abortion;
- 3 (2) the Food and Drug Administration has de-4 clared emergency contraception to be safe and effec-5 tive in preventing unintended pregnancy, reducing 6 the risk by as much as 89 percent;
 - (3) the most commonly used forms of emergency contraception are regimens of ordinary birth control pills taken within 72 hours of unprotected intercourse or contraceptive failure;
 - (4) emergency contraception, also known as post-coital contraception, is a responsible means of preventing pregnancy that works like other hormonal contraception to delay ovulation, prevent fertilization or prevent implantation;
 - (5) emergency contraception does not cause abortion and will not affect an established pregnancy;
 - (6) it is estimated that the use of emergency contraception could cut the number of unintended pregnancies in half, thereby reducing the need for abortion;
 - (7) emergency contraceptive use is the United States remains low, and 9 in 10 women of reproductive age remain unaware of the method;

- 1 (8) although the American College of Obstetri2 cians and Gynecologists recommends that doctors
 3 routinely offer women of reproductive age a prescrip4 tion for emergency contraceptive pills during their
 5 annual visit, only 1 in 5 ob/gyns routinely discuss
 6 emergency contraception with their patients, sug7 gesting the need for greater provider and patient
 8 education;
 - (9) in light of their safety and efficacy, both the American Medical Association and the American College of Obstetricians and Gynecologists have endorsed more widespread availability of emergency contraceptive pills, and have recommended that dedicated emergency contraceptive products be available without a prescription;
 - (10) Healthy People 2010, published by the Office of the Surgeon General, establishes a 10-year national public health goal of increasing the proportion of health care providers who provide emergency contraception to their patients; and
 - (11) public awareness campaigns targeting women and health care providers will help remove many of the barriers to emergency contraception and will help bring this important means of pregnancy prevention to American women.

SEC. 3. EMERGENCY CONTRACEPTION EDUCATION AND IN-2 FORMATION PROGRAMS. 3 (a) Definitions.—In this section: 4 (1) Emergency contraception.—The term "emergency contraception" means a drug or device 5 (as the terms are defined in section 201 of the Fed-6 7 eral Food, Drug, and Cosmetic Act (21 U.S.C. 321)) that is— 8 9 (A) used after sexual relations; and 10 (B) prevents pregnancy, by preventing ovu-11 lation, fertilization of an egg, or implantation of 12 an egg in a uterus. 13 PROVIDER.—The (2)HEALTH CARE "health care provider" means an individual who is li-14 15 censed or certified under State law to provide health 16 care services and who is operating within the scope 17 of such license. 18 (3) Institution of higher education.—The 19 term "institution of higher education" has the same 20 meaning given such term in section 1201(a) of the 21 Higher Education Act of 1965 (20 U.S.C. 1141(a)). 22 (4) Secretary.—The term "Secretary" means 23 the Secretary of Health and Human Services. 24 (b) Emergency Contraception Public Edu-CATION PROGRAM.—

- 1 (1) IN GENERAL.—The Secretary, acting
 2 through the Director of the Centers for Disease
 3 Control and Prevention, shall develop and dissemi4 nate to the public information on emergency contra5 ception.
 - (2) DISSEMINATION.—The Secretary may disseminate information under paragraph (1) directly or through arrangements with nonprofit organizations, consumer groups, institutions of higher education, Federal, State, or local agencies, clinics and the media.
 - (3) Information.—The information disseminated under paragraph (1) shall include, at a minimum, a description of emergency contraception, and an explanation of the use, safety, efficacy, and availability of such contraception.
- (c) Emergency Contraception Information
 Program for Health Care Providers.—
- 19 (1) IN GENERAL.—The Secretary, acting 20 through the Administrator of the Health Resources 21 and Services Administration and in consultation 22 with major medical and public health organizations, 23 shall develop and disseminate to health care pro-24 viders information on emergency contraception.

1	(2) Information.—The information dissemi-
2	nated under paragraph (1) shall include, at a
3	minimum—
4	(A) information describing the use, safety,
5	efficacy and availability of emergency contra-
6	ception;
7	(B) a recommendation regarding the use of
8	such contraception in appropriate cases; and
9	(C) information explaining how to obtain
10	copies of the information developed under sub-
11	section (b), for distribution to the patients of
12	the providers.
13	(d) AUTHORIZATION OF APPROPRIATIONS.—There is
14	authorized to be appropriated to carry out this section,
15	\$10,000,000 for each of fiscal years 2003 through 2007.
